

ADVERTISE

There is much advertising value in being busy. The merchant who has time to pitch horseshoes in the yard back of his store, or to go visiting about the neighborhood in business hours, may make quite a reputation for geniality but, when it comes to a matter of business ability, he will probably be unable to deliver the goods. The moral is—ADVERTISE.

The Sun

POLITICALLY, REPUBLICAN.

Entered as Second-Class Matter, June 4, 1915, at the Postoffice at Price, Utah, Under the Act of March 3, 1879.

VOLUME 2: NUMBER 11

EVERY FRIDAY

AUGUST 11, 1916

ADVERTISE

Every store has some one who is more or less interested in pushing the business. Every business is worthy to a greater or less extent of being enlarged. If the right person gets the business in hand and pushes in the right way he can make of that business a very decided enlargement and make for himself a very marked advantage.

CATTLE CLOSED A LITTLE HIGHER

WHILE SHEEP HAVE MODERATE
RUN FOR WEEK.

A strong demand from both killers and feeder buyers, coupled with reduced receipts is the cause—sheep, lambs and hogs bring good prices and all to go higher.

The Sun Special Service.

KANSAS CITY, Mo., Aug. 7.—Cattle closed last week twenty-five to forty cents higher than Monday, due to strong demand from both killers and feeder buyers, coupled with reduced receipts. The advance in price failed to dislodge more than a normal run for today, 15,000 head arriving, and the market ruled steady to ten cents higher. Both country buyers and range shippers are playing a waiting game, and the result will no doubt be a good strong market all fall. The best winter fed cattle, graded since April in Kansas, sold today at \$7.75 to \$8.80. A good share of the supply is made up of medium to common grass cattle, at \$6.50 to \$7.50, including stockers and feeders at about the same range. Iowa and Illinois buyers are coming here now in larger numbers.

Sheep receipts were only four thousand head here today, following a moderate run last week. Feeder buyers are confronted with a semi-famine supply, and there is a scramble for anything good to choose. Sixty of light weight Utah lambs came in today, three cars weighing 54 pounds average at \$11.15, with 173 feeding lambs out at \$9.50, 54 pounds average, and three cars 54 pounds at \$11.90, with 258 feeders out at \$9.25, 51 pounds average. Choice lambs of better weight would get a quarter higher than these. Competition was so keen that one packer got left out entirely, and had to buy the feeder lambs thrown out of those shipments, at the prices named, feeder buyers having bid \$9.25 and \$9.25 for them. Arizona is shipping lightly, and native territory is showing a big shortage. Breeding ewes continue to advance a little, choice blackface ewes weighing 132 pounds going at \$9.25, recently, other breeders ranging from \$9.00 to \$9.15, feeding ewes around \$8.25.

Hog receipts were twelve thousand today, market five to ten cents higher. The market has made a good advance since the middle of last week, and a feature interesting to Western shippers is that light weights now lead in price, hogs weighing under two hundred pounds selling at the top price today, \$9.85, ten cents above any other Missouri river market to-day, and highest price ever paid here in August. Medium weights brought \$9.45, heavy hogs \$9.75, bulk \$9.40 to \$9.45.

COMMISSIONERS IN SESSION

Tax Levy For County Is Made—Other Business.

The board of county commissioners met in regular session Tuesday, the 8th, Present Sharp and Bryner, absent Hamilton. At this meeting the commissioners fixed the tax levy for Carbon county for the year 1916 as follows:

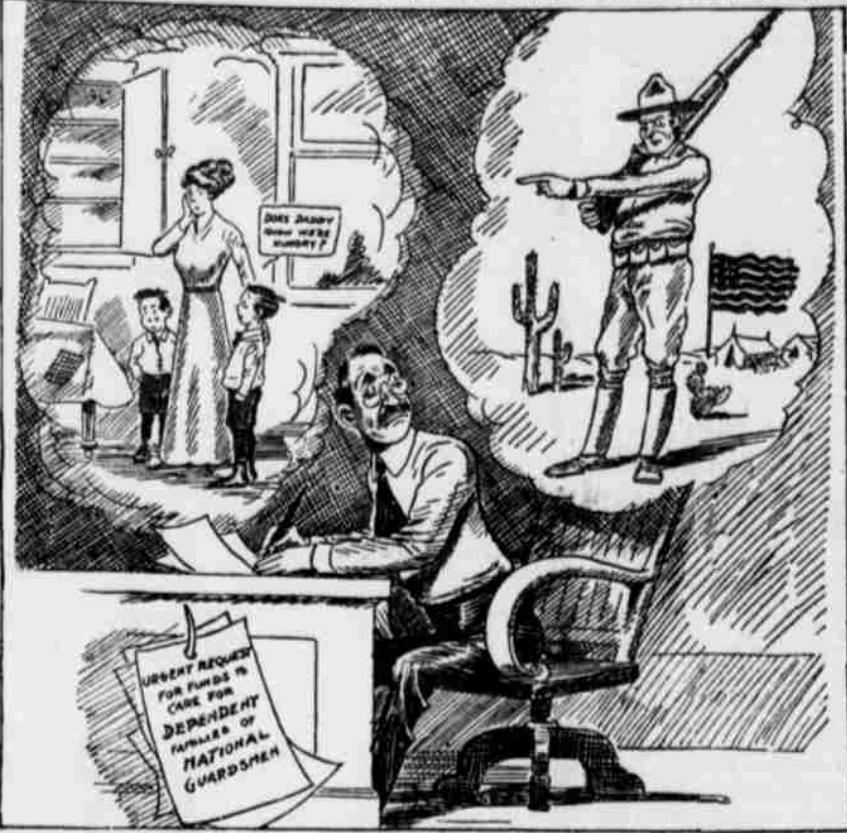

For county general purposes 1.8
Care, maintenance and relief of indigent poor, otherwise dependent poor 2
County bond interest 1
Payment of judgments against the county 1
County school purposes 6.7
State roads 1.5
State, state school and state high school 4.4
Range horses and cattle 4
Range sheep and goats as provided by law 5
Leaves for cities and towns—
Wellington town 9
Hawthorn town 4
Hawthorn town 1.5
Mrs. Mary Gasparek, indigent poor, was allowed ten dollars per month, beginning the 1st of August.
The clerk was authorized to draw a warrant in the amount of \$369.62 now in the judgment fund and apply in the judgment of N. S. Nelson, Alameda, in favor of Price Commercial and Savings bank for \$120.75 for county fair expense in 1915.

At the request of seventy-four petitioners of Standardville asking that a voting precinct be created at that place, it was so ordered by the board and W. L. Laughlin was appointed registration agent of the new district.

The Eastern Utah Telephone company was asked to remove the exchange from the court house and operate the court house system from the main central office down town.

A. D. MacLean of the United States Fuel company will leave about the 15th for Salt Lake City to enter the training camp, taking special training in first aid work. The United States Fuel company is sending two men, the other being Mr. Duquesne, who will take special training in aeroplane work. The Utah Fuel company is sending five men for training in first aid work.

GUARDSMAN: "I'M DOING MY DUTY BY YOU. ARE YOU DOING AS MUCH BY ME?"

PLATFORM ADOPTED BY REPUBLICANS AT THE STATE CONVENTION IN OGDEN

The report of the resolutions committee of the state convention which was adopted as the platform follows: The republican party of Utah in state convention assembled, indorses the national platform adopted at the Chicago convention and the nominations made by that convention of Charles E. Hughes of New York for president and Charles W. Fairbanks of Indiana for vice president, and in addition to the national platform declares as follows:

For Good Roads.
We commend the administration of Gov. William Spry for the wise expenditure of public funds in building our magnificent state capital, and for the splendid roads being constructed throughout our state, and we pledge our incoming governor and legislature to wisely, economically and energetically continue the good work to the end that ultimately every county and hamlet in our state shall be connected by good roads with every other part of the state.

"Dry" Law Pledged.
We pledge the incoming governor and legislative assembly, if republican, to promptly, and not less than fifteen days before the close of the next session of the legislature, enact a law effectively prohibiting by direct legislation the manufacture and the sale, by prescriptions or otherwise, of intoxicating liquors of all kinds within the state of Utah, a law which shall be thoroughgoing, unambiguous and so incapable of evasion as language can make it, and that said law go into effect within six months after its passage.

National Prohibition.
We also pledge our candidate for the United States senate to favor by his vote and in every other way possible every measure that shall be introduced by congress for the elimination of the liquor traffic and for the securing of national prohibition.

Workman's Compensation.
We favor the enactment of a comprehensive workman's compensation law providing a liberal schedule of payment for death and injury resulting from accident to employees of all kinds, whether state, municipal or private.

Woman Suffrage.
We favor the prompt submission by congress and ratification by the necessary number of states of the proposed constitutional amendment introduced by Senator Sutherland, conferring the elective franchise on women, and in that connection we especially congratulate the republican nominee for president, Charles E. Hughes, on his emphatic and unqualified approval of this proposed amendment.

Recognition For Women.
We pledge the republican party to provide proper recognition of women by appointment on all state boards and commissions not incompatible with women's work.

Public Utilities.
We favor the creation of a public

utilities commission and we pledge our party to put on the statute books of this state at the next session of the legislature adequate laws for the carrying out of the provisions of Section 15 of Article 12 of the Constitution, relative to the establishment of reasonable maximum rates of charge for the transportation of passengers and freight, for correcting abuses and preventing discrimination and extortion in rates by all common carriers.

Anti-Pass Law.
The constitution and statutes of our state provide adequate mileage for traveling expenses of public officers of our state, and in line with legislation by a republican congress and believing that wholesome legislation is hampered and endangered by the system in vogue of giving passes to public officials, we pledge our legislature and governor to pass an adequate anti-pass measure for the correction of this evil.

Protection of Workers.
We pledge the republican party to the enactment of such legislation as may be necessary to secure to the workers the legal right of voluntary association, for mutual protection and welfare, protecting their rights against unwarrantable issuance of writs of injunction.

Industrial Protection.
We favor the enactment of legislation calculated to secure the safety, conservation and protection of labor from the dangers incident to industry and transportation.

For Eight-Hour Law.
We demand the faithful observance and enforcement of the eight-hour law in mines, mills and smelters as well as on all public works. We pledge the republican party to the enactment of a law giving to the workers of this state "one day's rest in seven."

Commissioner of Labor.
If elected to power, we pledge the republican party to the broadening of the law creating the office of labor and industries with such additional power as the general welfare may demand.

Against Special Taxes.
We disapprove the democratic policy in time of peace of taxation upon special articles. A tariff law constructed in accordance with republican principles would produce, as it has always produced, under republican administration, sufficient revenue to carry on the operations of the government without resort to vexatious taxation such as that contained in the so-called emergency revenue act.

Schools and Politics.
We believe that the public schools of the state should be kept entirely free from partisan politics and to that end we favor the non-partisan selection of the state superintendent of public instruction.

State Water Law Supreme.
We denounce the attempt of the democratic administration to interfere with and abridge the just rights

of the settlers upon the former Utah Indian reservation to the use and control of the waters which they have appropriated for irrigation, and we declare that in the matter of the appropriation and use of these waters within the state, the state law is supreme.

Ownership of Homes.

The home brings to its owner no income. Yet the safety and perpetuity of every republic is guaranteed where the people own their own homes and is undermined where the burden of taxation is so great as to threaten the ownership of the home by those of moderate means. We therefore pledge our governor and legislature to the enactment of such laws on taxation as shall encourage the ownership by the people of their homes and small farms.

GRAND BENEFIT CARNIVAL

Festival to Raise Funds For Completion of the Tabernacle.

At a meeting recently called by Bishop Albert Bryner, a big community movement was started to raise funds for the completion of Carbon stake tabernacle in Price. This community movement was considered the best way to raise money, as the public will receive greater benefits, than by being asked for contributions. The carnival-festival will be similar to the one staged at the tabernacle some months ago and will be held during the third week in September, commencing Tuesday, the 18th, and lasting the week out.

The Mutual Improvement associations have been allotted the booth for confections, ice cream and melons; Sunday school, the fish pond; relief society, domestic arts; and primary association, luncheons. The merchants will be asked to conduct a special sales week and invitations will be extended and assurances will be arranged for between all of the outlying towns and Price during the carnival week. Every good citizen should be willing and ready to lend enthusiasm to this very beneficent purpose of the carnival.

Miss Glenna Gunderson, who was elected queen of the previous carnival, will act as queen, opening the great carnival with an appropriate ceremony, and another queen will be voted for during the week. Very substantial entertainment each night will be staged, and of such variety that the public is promised the best ever given in Price. All kinds of refreshments and dances will be served as well as fancy work and domestic arts displayed. Elaborate arrangements are being made for appropriate luncheons. Dancing will be one of the chief attractions every evening. Thirty to forty minutes will be given each evening to stage performance in vaudeville and farce comedy acts of musical and dramatic class. The following committees are appointed to conduct the carnival:

Ex-Officio—Bishop Bryner, O. T. Harmon and O. H. Gaymon.
General—Dr. H. B. Cloward, Sarah J. Powell, Dr. H. B. Cloward, Mrs. J. P. McKnight, Mrs. Olive Millburn, William Downard, J. P. McKnight, Secretary—Dr. H. B. Cloward, J. P. McKnight, Mrs. Olive Millburn, Miss Mattie Strong and Miss Inez Scott.

Advertising—J. P. McKnight, William Downard, Bishop Bryner, Ben H. Olson, Oron Guymon and George Jorgensen.

MORRIS BEATS SPRY FOR THE NOMINATION

Takes Three Ballots To Determine Choice—United States Senator George Sutherland Is Renominated in One Sided Contest—Justice D. N. Straup Given Place on Ticket By Acclamation—Other Candidates.

REPUBLICAN TICKET

For United States Senator—GEORGE SUTHERLAND.
For Supreme Court Justice—D. N. STRAUP.
For Governor—NEPHI L. MORRIS.
For Secretary of State—LINCOLN G. KELLY.
For Attorney General—HAROLD P. FABIAN.
For Auditor—JOSEPH JENSEN.
For Treasurer—DAVID H. MADSEN.
For Superintendent of Public Instruction—E. G. GOWANS.
Presidential Electors—DAVID JENSEN, A. R. HAWLEY, THOMAS SMART, ORRIN SEELY.
For Congressman, First District—TIMOTHY C. HOYT.
For Congressman, Second District—CHARLES R. MABEY.

Nephi L. Morris received the republican nomination for governor on the third ballot last Tuesday evening in the state convention at Ogden. He was nominated with only two-thirds of a vote more than the number required to make him the choice. Following the final count a motion carried to make the nomination unanimous, but there were many dissenting votes from the Spry delegates. The fight for the gubernatorial nomination was the most spectacular of the day and was bitterly contested by the three leading candidates. With the announcement of the victory for Morris the forces cooled down and the successful candidate was congratulated on all sides. In a statement Wednesday Governor Spry says he will stand by the decision of the convention.

Morris led by a substantial margin on the first ballot and gained considerable support from different counties, including Salt Lake, on the succeeding two. Gov. William Spry, the second candidate, also gained in the second, but lost somewhat in the third. The final ballot gave 313 2-3 for Morris and 188 for Spry. E. E. Jenkins was given 69 1-2 votes in the first count, and only 42 1-2 on the third.

Although seven candidates were placed in nomination it was evident early in the day that the fight was between Morris and Spry, and that while the other candidates would be supported to some extent, the governor was actually pitted against the field. On the second ballot 39 1-6 votes for the other candidates, went to Morris and two to Spry. On the final count sufficient more went to the leaders to win the nomination, the governor's vote dropping from 199 1-2 to 188.

To the surprise of sponsors of E. E. Jenkins, as well as of practically everybody else at the convention, that candidate received a maximum on the first ballot of only about one-fourth as many votes as Morris, and one-third as many as Spry. L. R. Anderson of Manti, Oscar W. Carlson, John C. Mackay and D. O. Rideout of Salt Lake county remained in the race through the three ballots, Anderson gaining and the others losing strength.

On the first ballot Morris received 246 2-3 votes against 197 1/2 for Spry, 69 1/2 for Jenkins, 49 for Anderson, 20 for Carlson, 20 for Mackay and 14 1/2 for Rideout. The second count gave Morris 285 1/2, Spry 199 1/2, Jenkins 52 1/2, Anderson 42, Carlson 22, Mackay 17, and Rideout 4 1-3.

On the final ballot the totals were as follows: Morris 313 2-3, Spry 188, Jenkins 42 1/2, Anderson 52, Carlson 13 1/2, Mackay 11 and Rideout 4 1-3. On the first ballot 615 5-6 votes were cast; on the second 622 5-6, and on the third 625, the total number provided in the apportionment.

George Sutherland was renominated as United States Senator, the ballot giving him 5511 votes against 31 3-4 for G. G. Armstrong, the only other candidate. Senator Sutherland was placed in nomination by Judge W. H. Dickson, W. H. Pollard of Salt Lake placed Judge Armstrong in nomination.

Justice D. N. Straup was named by acclamation for renomination to the supreme bench. He was placed in nomination by P. T. Farnsworth, and Moses C. Davis made a motion to suspend the rules and nominate by acclamation. There was no other candidate.

The convention also nominated Lincoln G. Kelly for secretary of state, Harold P. Fabian for attorney general, Joseph Jensen of Box Elder county for state auditor, David H. Madsen of Utah county for state treasurer, E. G. Gowans for superintendent of public instruction, and David Jensen, Thomas Smart, A. R. Hawley and Orrin Seely for presidential electors.

Gubernatorial Fight.

From the time the Salt Lake county caucus was called to order in the morning until the final results of the third ballot for governor was announced, the fight centered in the gubernatorial nomination. Throughout the entire proceedings feeling ran
